AI Workflow Starter Pack

Sketch a helper workflow before you buy tools. Humans stay in charge -- AI drafts or sorts, you approve.

What repetitive task do you want help with?

Your notes:

What information goes in?

Your notes:

What should come out?

Your notes:

Who uses it day to day?

Your notes:

How often does it run?

Your notes:

Risks and guardrails (what must NEVER auto-send?)

Your notes:

Examples to steal from

- Missed-call follow-up draft (you send the final text)
- Review request helper (timing + polite script)
- Quote request organizer (what info before you price)
- Content idea generator (headlines/outlines you edit)
